226m²

N/A

Located in the center of Pinoso is this spacious village house (adossado) with a garage and solar panels. The property has a built-up area of approximately 292 m² and stands on a plot of 226 m². The front facade faces south, ensuring good natural light.

The house was originally built to an older standard and has been renovated and modernized in phases since 2000, with one or more improvements implemented every few years.
