Town House in Moraira

€318,000

2	1	72m²	N/A	N/A

There are houses that face the sun, and then there are houses built around it. This is the latter. Positioned on the corner of one of Moraira Park's quietest streets, this south-facing bungalow catches the light from the moment it rises in the east to the last warmth it offers before slipping behind the hills and the roughly 50 m² of private terrace, split between front and rear, means you can follow it every step of the way.
